AAA School LAND Trust Plan 2023-2024 School Year

Goal #1

80% of students in grades 4-6 will increase their ability to support the cross-cutting science concept of using models to explain the parameters and relationships that describe complex systems after receiving arts integrated instruction from the arts integration specialist.

Academic Areas

- Science
- Fine Arts

Measurement

Science instruction is a critical academic need and is measured in 4-6 th grades by RISE testing. This instruction will be supported through the arts integration model and measured by pre- and post- assessments in the science unit, determined by the art integrationist and classroom teacher.

Action Plan Steps and Expenditures

- Classroom teachers and the art integrationist will meet monthly to plan art integrated lessons to support the science curriculum.
- Prior to instruction, students will be given a pre-assessment to determine their knowledge of the grade level topic.
- Arts integrationist and classroom teacher will teach students, side by side, using the designed integrated curricular content.
- Art integrationist's partial salary will be paid out for by Trust LAND monies.

Digital Citizenship/Safety Principles Component

NO

Estimated Distribution funds 2023-2024

\$47,818.37

Carryover from 2021-2022 and 2022-2023

\$0
