

Pick Up/Dismissal Directions

Each grade level will be assigned a color. You will be given a colored sheet for the youngest child in your family. Please write your youngest child/s last name and teacher's name on the paper. The older siblings will move to the younger child's class for dismissal. As you drive up place that sheet in the window so duty personal can read the name. Your child along with all older siblings will be brought to the loading zone and when you pull up your children will be loaded into the car.

Grade Level Colors
